## PROJECT

### Amazon UI Clone

- **Responsive Design:** Created a visually accurate, mobile-responsive clone of Amazon's user interface using HTML, CSS, and JavaScript.
- **Core Features:** Implemented product listings, search functionality, shopping cart, and user authentication.
- Utilized Tailwind CSS to quickly design and implement consistent, responsive layouts for the Amazon UI clone.

### Flipkart Ui clone

- **Responsive Design:** Built a responsive clone of Flipkart's user interface using HTML, CSS, and JavaScript.
- **Core Features:** Developed essential features such as product browsing, search functionality, and a shopping cart.
